CONDENSED ANALYSIS OF THE ANNUAL BUDGET FOR OPERATIONS  
1970-71

Summary of Income<sup>1</sup>

General Income (\$186,375,856). For the general operation of the University of Illinois for the Fiscal Year 1971, the 76th General Assembly of the State of Illinois appropriated a total of \$186,375,856 -- \$167,052,556 from general tax revenues, \$18,218,100 from the University's own income and \$1,105,200 from the Agricultural Premium Fund. These funds are shown as General Income in Schedules A and D, and they may be appropriated by the Board of Trustees for such purposes as the Board approves.

Restricted and Institutional Income (\$125,009,600). There are certain other funds for operations that are handled through the University Treasurer and that are included in the University's annual budgets as Restricted and Institutional Income. Restricted funds, all earmarked for special purposes, include gifts, grants, contracts, endowment income, appropriations from the Federal Government, and income earned by the University from auxiliary activities (housing, union buildings, bookstores) and other self-supporting operations. The estimated total of such restricted funds for 1970-71 is \$116,227,600. Institutional funds amounting to \$8,882,000 are appropriated from Contract Research Reserve (funds received as indirect cost reimbursement on grants and contracts) and Cost of Education Allowances. (These appropriations of institutional funds are from estimated FY 71 receipts and do not include balances distributed prior to July 1, 1970 under the 40-30-30 formula, which has been discontinued in accordance with Board action of March 18, 1970. Such balances are available for expenditure, in addition to the amounts appropriated.)

---

<sup>1</sup>Not included in this operating budget are funds appropriated by the General Assembly for new buildings, other capital improvements, and rentals to the Illinois Building Authority.

Total Income (\$311,385,456). The overall total of General Income, Restricted and Institutional Income for 1970-71 is \$311,385,456, as compared to \$282,801,310 for 1969-70. The difference of \$28,584,146 represents an increase of 10.1 per cent. The following figures show the State and non-State components of these totals:
